

Ahmed Bouamama

Product Designer & Front-End Developer

Doha, Qatar | +97450314732 | ahmedbouamama3105@gmail.com

PROFESSIONAL SUMMARY

Product Designer and Front-End Developer with 5+ years across marketing, digital, and product. I turn marketing and operations problems into real digital products — from UI/UX and front-end builds to the internal software that runs the business. I design and ship end-to-end, grounded in human-centred design (ISO 9241-210), and most recently designed and built a full CRM/ERP and corporate website solo.

CORE SKILLS

Design & Product: Product Design, UI/UX Design, Human-Centred Design (ISO 9241-210), Design Systems, Wireframing, Prototyping, Brand & Web Design, Figma, Framer.

Front-End & Build: Front-End Development, HTML, CSS, JavaScript, React, Tailwind CSS, Responsive Design, Internal Tools, CRM/ERP Development.

AI & Automation: Generative AI (Higgsfield), No-Code Automation, AI Agents, AI-Assisted Development (Cursor, Claude Code).

Marketing & Digital: Brand Strategy, Digital Campaigns, Client Relationship Management, Business Development, Content & Copy Direction.

PROFESSIONAL EXPERIENCE

Product Designer & Front-End Developer

RCH Business Solutions — Doha, Qatar | May 2025–Present

- Designed and built RCH's internal CRM/ERP from scratch — design system, dashboards, and front-end — to manage clients, compliance, and collections across two business entities.
- Reduced government processing time by 20% across 500+ client mandates through the internal tools and automation shipped.
- Delivered the RCH Saudi corporate website end-to-end: concept, UI/UX, copy direction, and front-end build in React and Tailwind (bilingual EN/AR).
- Led marketing and digital initiatives and applied human-centred design (ISO 9241-210) across every product, owning each from problem definition to shippable system.

Digital Marketing & Client Solutions

CatPlanet — Doha, Qatar | Nov 2024–May 2025

- Owned brand, digital campaigns, and client experience, growing the customer base by 70%.
- Maintained 90% client retention through consistent follow-up and relationship management.
- Planned and ran digital and field marketing campaigns from concept to execution.

Marketing & Digital • Business Development

VetPlus Distribution — Algeria | Mar 2020–Jul 2022

- Managed marketing and digital support across a portfolio of 150+ products.
- Increased repeat orders by 35% and product adoption by 25%.
- Sustained customer satisfaction above 90% through strong account management.

SELECTED PROJECTS

RCH CRM/ERP — Internal Product. Designed and built end-to-end: design system, dashboard, client management, compliance, and collections across two entities (React, Tailwind, Figma).

RCH Saudi — Corporate Website. Concept, UI/UX, and front-end for RCH's expansion into the Saudi market — built and shipped solo, bilingual EN/AR (React, Tailwind, Figma, Framer).
